

Disabled Access Friendly

by Androniki Nistikaki

Mainstream and Special Education blog, 13th Nov 2013

Enlightening ideas and inspiring lesson plans which might change your students' attitude towards mobility disability and people who one way or another have to cope with a rather hostile, rigid environment every day in their lives. This is the place in urgent need for change: The environment and the people who shape it as it comes to be, the people who turn backs or decide to take action. Us.
