Message of Support for the Disabled Access Friendly Campaign

International House, Barcelona Teacher Training department wholeheartedly supports the efforts that the Disabled Access Friendly Campaign is making to raise awareness of people with mobility problems. We have an Equal Opportunities and Diversity agenda throughout the school.

We are a well-established teacher training centre and actively encourage our trainers to raise our trainee's and students' awareness of the issues that people with mobility problems could have. Our trainers promote equal rights in their training programmes and strongly believe that by educating our prospective teachers in this area can have a beneficial effect on society as a whole.
