ΠΡΟΣ: Την κυρία Katie Quartano
Disabled Access Friendly Campaign

Dear Mrs Quartano,

On behalf of all the participants to the training seminars which were organized by our office on November 8 and 9, 2012 in Thessaloniki, I would like to express our gratitude and appreciation for the presentation you made on the Disabled Access Friendly campaign.

I strongly believe that presentations like this will sensitize teachers who afterwards can function as multipliers with their students. They can combine teaching the English language with teaching humanitarian values and empathy for our fellow citizens with mobility disability.

Once more I thank you very much for presenting this unique campaign to our English Teachers !

TManiakas
